THE MAGIC OF ECO PRINTING:

Learn the basics of making direct contacts botanical prints on paper. Gather plant material and experiment with different papers, metal mordants, and natural dyes. Be awed by the magic of Mother Nature as each unique print is revealed.

No experience necessary. All tools, supplies and plant material will be provided. If you can please bring a few shrub or tree leaves (Oak, Japanese Maple, Birch, & Ginkgo all work well) and any flowers (bright orange and red are best) you might like to try using. Nothing too fleshy (succulents) and nothing toxic. A light lunch will be available while the bundles are steaming.
