MAILSCAPE COLLAGE WORKSHOP:

You'll never look at your mail in the same way again!

Have fun playing with pattern, shape, color and composition. From junk mail envelopes you'll tear, cut and use paper punches to **create 3 beautiful landscapes, cityscapes and/or abstract works of art.** Deconstruct the envelopes to gather stamps, rounded and pointed flaps, clear glassine window panels and best of all, the many varied patterns found on the inside of most security envelopes. You'll work on two different small square formats as well as one standard postcard size. No art experience necessary. All materials and tools will be supplied but feel free to collect your own junk mail envelopes and bring to the workshop. You may be lucky and find something besides the usual blue and black inks that are most common.
